Our Simple Goals:

Safe and Active: We want to create a safe and supportive place where seniors can stay active and healthy, no matter their age.

Feel Like Family: We create a friendly atmosphere where you can connect with others.

Healthy and happy: We provide warm meals and basic care to keep you healthy and happy.

Celebrate Every Moment: We celebrate birthdays, festivals, and special days for everyone.

Our Founder:

Gopalsingh Solanki: A Life Dedicated to Service

Riddhi Siddhi Vrudhashram was founded in 2024 by Gopalsingh Solanki, a humble man driven by a deep commitment to helping others. For over 12 years, he has dedicated himself to supporting needy people.

Known for his calm and helpful nature, he has witnessed firsthand the challenges faced by seniors and their families as they live their lives.

Inspired by a Need:

The vision for this Vrudhashram was born from a critical need he observed: a lack of proper care for dependent seniors. Many existing facilities cater only to independent individuals, leaving those requiring additional support with limited options. Riddhi Siddhi Vrudhashram was established to bridge this gap. Here, we offer a warm and supportive environment where every senior, regardless of their background, can feel safe, cared for and empowered to live a fulfilling life.
